Live Your Best Life Legal, Financial and ID Recovery

We've got the help you need

Legal problems can be stressful. You worry about financial matters. And identity theft can be scary. You and your household members could use a little help when things like these happen. That's why your Live Your Best Life (EAP) offers ways to help you through them.

Our team of experts is ready to help. The EAP will set you up with professionals who can offer advice that can save you time and money. But the best thing they can offer is peace of mind.

Help is just a toll-free call away.

Legal consultation

Your EAP offers access to expert legal help. You can speak with an attorney over the phone or meet in person, depending on what you need. Consultations are free, half-hour sessions with a lawyer who is trained in your concern — whether it's child custody, divorce, estate planning or even a landlord issue. If you need a lawyer for your case, you can get a discount on attorney fees. There is also a large library of legal resources and forms you can use online.

Financial consultation

We have financial counselors and educators ready to answer your questions.

This free service gives you and your household members toll-free access to financial counselors who can help. They're experts in a wide range of financial topics. That includes bankruptcy, budgeting, controlling debt, estate planning, mortgages and setting long-term goals for your money. Online resources include articles, financial calculators and other handy budgeting tools.

ID recovery and credit monitoring

You and your household members are eligible to receive free monitoring and theft resolution services 24 hours a day, seven days a week. This may include completing any needed paperwork, reporting to the consumer credit agencies and negotiating with creditors to fix your debt history. Our experts can also work with you to get your financial identity back to the way it was before the identity theft happened.
