## **CU-Boulder Health Insurance Requirement**

CU-Boulder's goal is to provide students with the best educational experience possible. Because health and wellness can directly affect the quality of this experience, CU-Boulder requires all students to be covered by a health insurance plan. Students may elect to have coverage under their own insurance, through their employer or their parents' policies, or the CU-Boulder Student Gold Health Insurance Plan ("the Plan"). The University of Colorado Boulder encourages students to research various health plan options so that they may make informed healthcare choices.

All degree-seeking CU-Boulder students will be automatically enrolled in and billed each semester for coverage under the Plan, unless a waiver of Plan coverage is submitted and approved by the applicable waiver deadline date. The Plan provides coverage for services on campus at CU Boulder Medical Services as well as for services received locally and nationally (Please see "Preferred Provider Networks" on page 7).

## Eligibility

The following students are considered eligible to enroll in the Plan:

- Degree-seeking undergraduate students enrolled in six or more credit hours and graduate students enrolled in one graduate credit hour or more are eligible and are automatically enrolled in the Gold Plan.
- Non-degree seeking Continuing Education students, Study Abroad (including Semester at Sea) students, Evening MBA students and students taking exclusively Be Boulder Anywhere courses, enrolled in six or more credit hours and paying the base student and health fees, may be eligible to enroll in the Gold Plan and can do so by visiting CU Boulder Medical Services.
- Students approved for the Leave of Absence Program are eligible to enroll in the Gold Plan for one semester that they are not registered for classes and can do so by visiting CUBoulder Medical Services.

Eligible students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Any student withdrawing from school during the first thirty-one (31) days of the period for which coverage is purchased will not be covered under this Policy and a full refund of Premium will be made minus the cost of any benefits paid by the carrier. Students withdrawing after 31 days will remain covered under the Policy for the term purchased and no refund will be allowed.

The carrier maintains its right to investigate student status and attendance records to verify that the Policy eligibility requirements have been met. If the carrier discovers that the eligibility requirements have not been met, a refund of premium, less any claims paid will occur.

## Enrollment

### Automatic Enrollment

All degree-seeking undergraduate students enrolled for 6 or more credit hours and graduate students enrolled in at least 1 credit hour will be automatically enrolled in and charged premium for coverage under the Plan each semester unless a waiver of Plan coverage is submitted by the applicable waiver deadline date.

### Students Continuing from Fall Semester into Spring/Summer Semester

If you enrolled in the Plan for the Fall Semester, you will be automatically enrolled and charged premium for coverage under the Plan for the Spring/Summer Semester unless you waive coverage under the Plan by the Spring/Summer Semester waiver deadline date. If you waived coverage under the Plan for the Fall Semester but want to enroll in the Plan for the Spring/Summer Semester, you must enroll and pay the appropriate premium by the Spring/Summer Semester deadline date.

### New Spring 2019 Students

If you are a new student starting at the University in the Spring Semester or a returning student following a break in attendance (for example, a Study Abroad student returning following a break in attendance in the Fall), you will be automatically enrolled in and charged the premium for coverage under the Plan for the Spring/Summer Semester unless a waiver is submitted by the Spring/Summer Semester waiver deadline date. If you are a new student in the Spring and you are automatically enrolled in and charged the premium for coverage under the Plan, coverage will continue into the Summer term whether you are taking classes or not.

### Voluntary Enrollment

Eligible students, as defined in the eligibility section on page 2 may enroll on a voluntary basis by the appropriate deadline date. In addition, a student who initially waived coverage under the Plan but subsequently experiences ineligibility under another creditable coverage may elect to enroll for coverage under the Plan within 31 days of ineligibility under another creditable coverage plan. Voluntary enrollment is available only under the following conditions: (a) during an initial or subsequent open enrollment period; (b) within 31 days of a marriage, birth or adoption; or (c) within 31 days of ineligibility under another creditable plan. To voluntarily enroll in coverage under the Plan, please go to [www.colorado.edu/studentinsurance](http://www.colorado.edu/studentinsurance).

**INTERNATIONAL ENGLISH CENTER (IEC) Students** are eligible to enroll in the Plan on a voluntary basis for the duration of the term enrolled in. Contact the IEC directly at: [www.iec.colorado.edu/contact-information](http://www.iec.colorado.edu/contact-information). You will be billed based on the number of days of plan enrollment by the University on your tuition bill.

## Waiver Request Process

To waive coverage under the Plan, please follow the instructions located at: [www.colorado.edu/studentinsurance](http://www.colorado.edu/studentinsurance)

**It is the student's responsibility to verify their enrollment or waiver status each semester.**

### What to do if you miss the waiver deadline?

If a student misses the deadline to waive coverage, they can request that the insurance premium be removed from their account by visiting CU Boulder Medical Services and completing a petition to waive the health insurance (one-time allowance). The deadline to complete this process is the last day of classes each Fall and Spring semester. For more information visit [www.colorado.edu/studentinsurance](http://www.colorado.edu/studentinsurance).

## Continuity of Care

Any covered person who is receiving active health care services for a chronic or terminal illness or who is an inpatient, must have the right to continue to receive health care services from that physician for up to 90 days from the date of the termination of the physician's contract. Any pregnant covered person receiving treatment in connection with such pregnancy at the time of termination of the physician's contract must have the right to continue receiving health care services from that physician throughout the remainder of the pregnancy and six weeks post-delivery care.

## Medicare Eligibility Notice

You are not eligible for health coverage under this student policy if you have Medicare at the time of enrollment in this student plan.

If you obtain Medicare after you enrolled in this student plan, your health coverage under this plan will not end.

As used here, "have Medicare" means that you are entitled to benefits under Part A (receiving free Part A) or enrolled in Part B or Premium Part A.

## In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

## Pre-certification

You need pre-approval from us for some eligible health services.

### Pre-certification for medical services and supplies

#### In-network care

Your in-network physician is responsible for obtaining any necessary pre-certification before you get the care. If your in-network physician doesn't get a required pre-certification, we won't pay the provider who gives you the care. You won't have to pay either if your in-network physician fails to ask us for pre-certification. If your in-network physician requests pre-certification and we refuse it, you can still get the care but the plan won't pay for it. You will find additional details on requirements in the Certificate of Coverage.

#### Out-of-network care

When you go to an out-of-network provider, it is your responsibility to obtain pre-certification from us for any services and supplies on the pre-certification list. If you do not pre-certify, your benefits may be reduced, or the plan may not pay any benefits. Refer to your schedule of benefits for this information. The list of services and supplies requiring pre-certification appears later in this section

## Pre-certification call

Pre-certification should be secured within the timeframes specified below. To obtain pre-certification, call Aetna at 877-480-4161. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request pre-certification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility are encouraged to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring pre-certification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.
Delivery:	You, your physician, or the facility must call within 48 hours of the birth or as soon thereafter as possible.

For a full list of procedures that require pre-certification go to [www.ameriben.com/ucboulder.htm](http://www.ameriben.com/ucboulder.htm).

We will provide a written notification to you and your physician of the pre-certification decision, where required by state law and within the timeframe specified by state law. If your pre-certified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

If you require an extension to the services that have been pre-certified, you, your physician, or the facility will need to call us at the number on your ID card as soon as reasonably possible, but no later than the final authorized day.

If pre-certification determines that the stay or outpatient services and supplies are not covered benefits, the notification will explain why and how you can appeal our decision. You or your provider may request a review of the pre-certification decision. See the *When you disagree - claim decisions and appeals procedures* section of Certificate of Coverage.

### What if you don't obtain the required pre-certification?

If you don't obtain the required pre-certification:

- Your benefits may be reduced, or the plan may not pay any benefits.
- You will be responsible for the unpaid balance of the bills.
- Any additional out-of-pocket expenses incurred will not count toward your deductibles or maximum out-of-pocket limits.

## What types of services and supplies require pre-certification?

Pre-certification is required for the following types of services and supplies:

<b>Inpatient services and supplies</b>
Bariatric surgery
<b>Stays in a hospice facility</b>
<b>Stays in a hospital</b>
<b>Stays in a rehabilitation facility</b>
<b>Stays in a residential treatment facility for treatment of mental disorders and substance abuse</b>
<b>Stays in a skilled nursing facility</b>

### \*Hospice care

\*As to hospice care and certification of confinements in a facility or “continuous home care” needed during a period of crisis for pain control or symptom management due to an emergency condition or one that occurs on a weekend or a holiday, **Aetna** must be notified to **pre-certify** the admission or medical services and expenses no later than the first business day following the first day of confinement or home care or as soon as reasonably possible. “Continuous home care” means the level of care received by the patient during a period of medical crisis to achieve pain relief and management of acute medical symptoms.

When you:

- Are confined in a **hospice facility** or
- Need hospice “continuous home care” during a period of crisis for pain control or symptom management due to an emergency condition or one that occurs on a weekend or a holiday

You must notify us to **pre-certify** the hospice admission or medical services and expenses no later than the first business day following the first day of confinement or home care or as soon as reasonably possible. “Continuous home care” means the level of care received by the patient during a period of medical crisis to achieve pain relief and management of acute medical symptoms.

*\*For a current listing of the prescription drugs and medical injectable drugs that require pre-certification, contact Member Services by calling the toll-free number on your ID card in the How to contact us for help section or by logging onto the Aetna website at [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com).*

## Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB).

### Here’s how COB works

- When this is the primary plan, we will pay your medical claims first as if the other plan does not exist
- When this is the secondary plan, we will pay benefits after the primary plan and will reduce the payment based on any amount the primary plan paid
- We will never pay an amount that, together with payments from your other coverage, add up to more than 100% of the allowable submitted expenses

**University of Colorado-Boulder’s policy with Aetna Student Health is a primary plan.**

For more information about the Coordination of Benefits provision, including determining which plan is primary and which is secondary, you may call the Member Services telephone number shown on your ID card. A complete description of the Coordination of Benefits provision is contained in the Policy issued to University of Colorado-Boulder, and may be viewed online at [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com).

**Description of Benefits**

The Plan excludes coverage for certain services (referred to as exceptions in the certificate of coverage) and has limitations on the amounts it will pay. While this Plan Design and Benefit Summary document will tell you about some of the important features of the Plan, other features may be important to you and some may further limit what the Plan will pay. To look at the full Plan description, which is contained in the Certificate of Coverage issued to you, go to [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com). If any discrepancy exists between this Benefit Summary and the Certificate of Coverage, the Certificate will control.

This Plan will pay benefits in accordance with any applicable Colorado Insurance Law(s).
